

TARGET MANAGEMENT INITIATIVE PROGRAM

**Mr. Dennis Mischel
DOT&E/RR/TSO**

Overview

- **Program Description**
- **Changes to the Program**
- **Accomplishments**
- **The Future**

Program Description

- **Goal**
- **Approaches**
- **Priorities**
- **Process**

TMI Program Goal

*“Improve the threat representativeness
of targets for test and training”*

Annual Funding: \$5-7M

TMI Approach

Approaches:

- **Studies**
 - **New Threat Presentations**
 - **Short Range Air Launched Target (SRALT)**
- **Prototypes**
 - **Small Baseline Vector Scoring (SBVSS)**
- **Demonstrations**
 - **Common Digital Architecture**

TMI Priorities

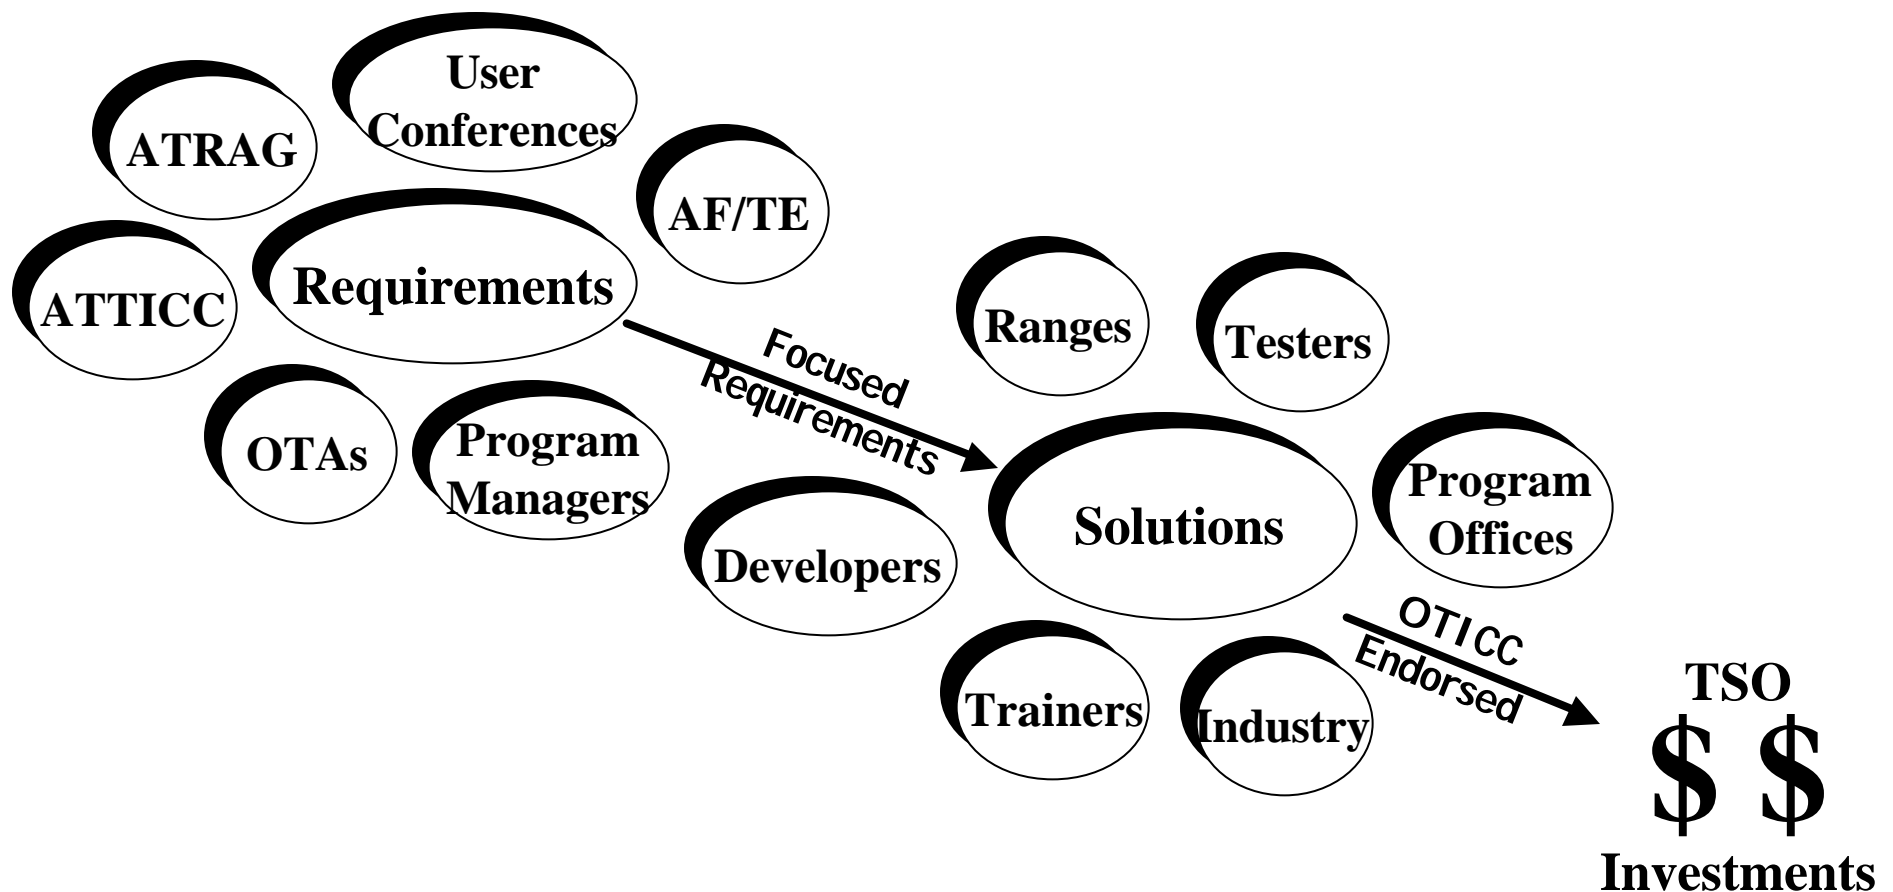

Funding Priorities:

- **Joint programs**
- **Leverage Service investments**
- **Unique threat representations**
- **Industry partnerships**

TMI Process

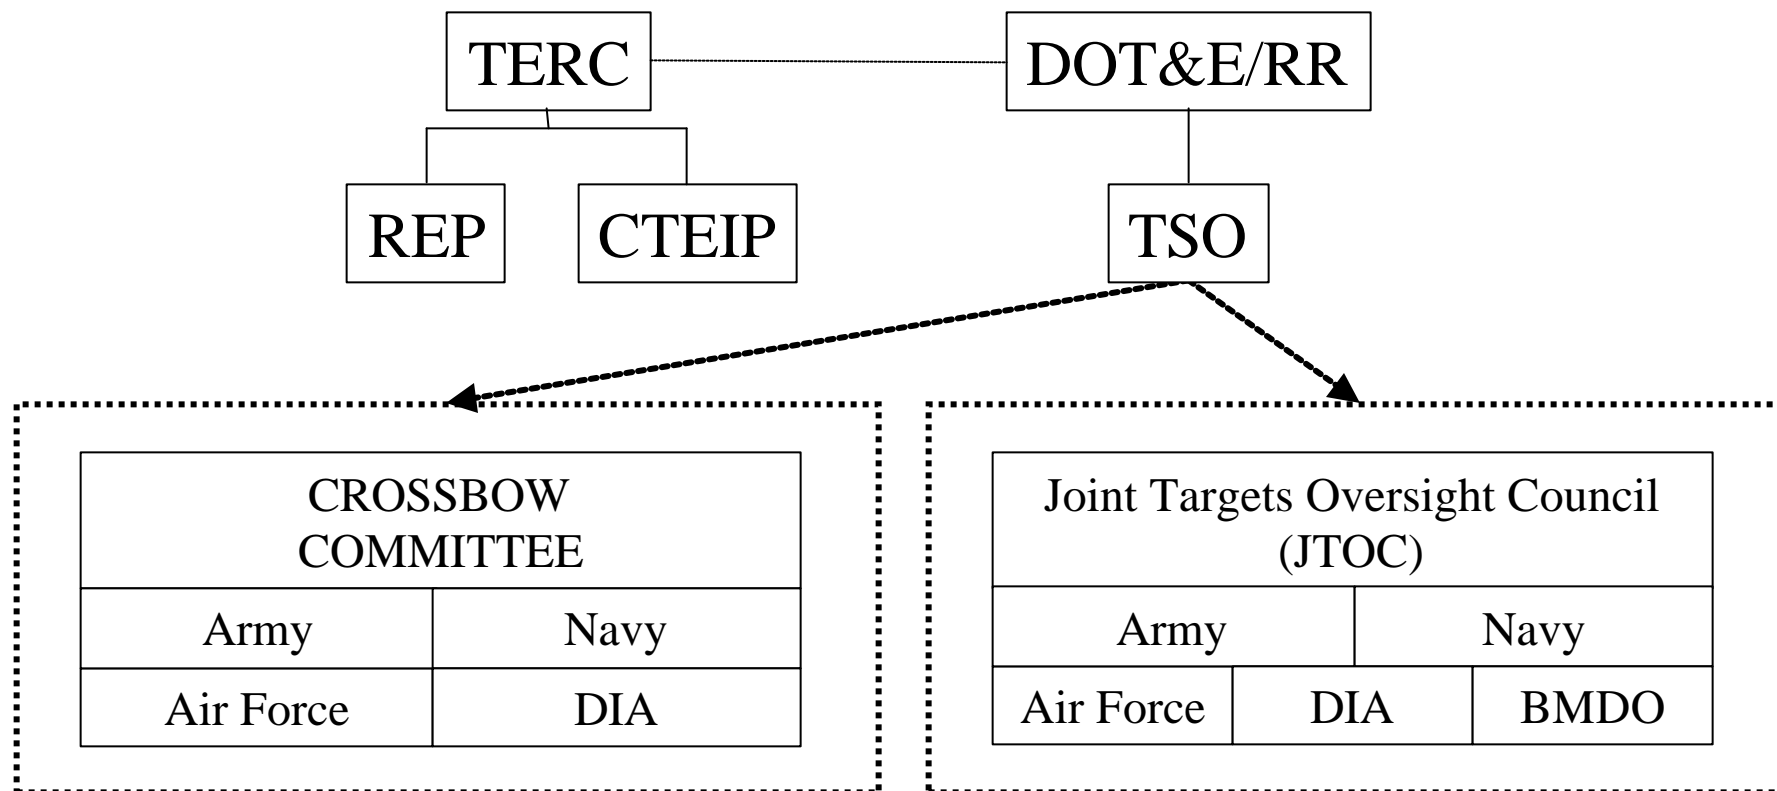

WHAT'S CHANGED

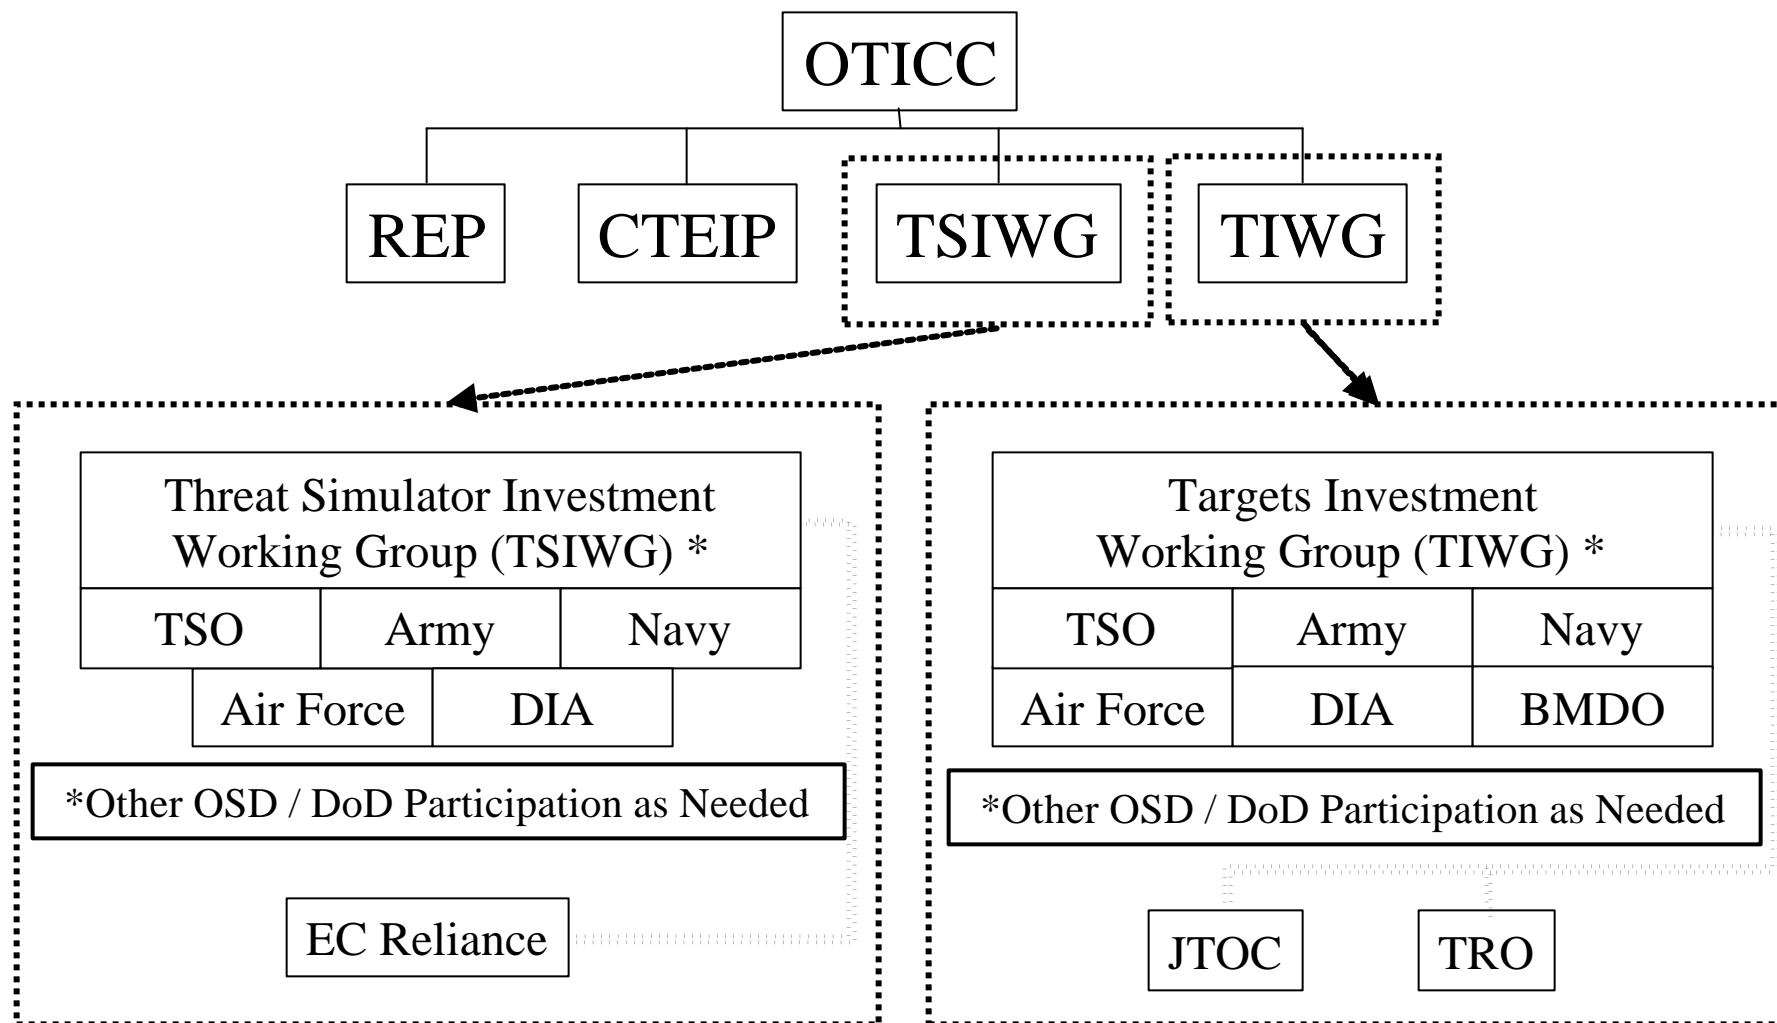

Last Year

This Year

Looking Back

- **Common Digital Architecture**
- **ECM Miniaturization**
- **Scoring –**
 - **SBVSS**
 - **Hit Flash Detector**
- **Short Range Air Launched Target**

The Future

- **Increased Interoperability**
- **Increased Miniaturization**
- **More commonality**
- **Less Platforms?**
- **Reduced Life Cycle Costs**

Summary

- **Target Threat Improvements**
- **Process Improvements**
- **Corporate Investment**
